SKILLS

HTML, CSS, Javascript, React, Test Driven Development, Unit Testing, Cypress Testing, TypeScript, REST APIs, GitHub, Agile, Responsive Design

SOFTWARE PROJECTS

In The Field, Group Project | 3 weeks | [Repository](#)
Technologies Used: React, CSS, React Router, Cypress, GitHub, GraphQL, Apollo, CircleCI
React application enabling users to upload images for mushroom identification and information.
- Collaborated on a full stack team with 6 developers in an agile project management environment, actively contributing to GitHub version control practices, and participating in daily stand-up meetings to ensure project cohesion.
- Implemented CircleCI for continuous integration in our project, enhancing code quality and error detection through seamless automation.

FlagQuest Africa, Solo Project | 2 weeks | [Repository](#)
Technologies Used: React, CSS, React Router, Cypress, GitHub, React PropTypes, REST APIs
FlagQuest Africa is a React App that allows users to test their African Flag knowledge.
- Seamlessly incorporated React Router, providing users effortless navigation and allowed for responsive design on different screen sizes.
- Proficiently employed REST APIs to access and manage data, ensuring the application's real-time functionality.

Dilettante's Muse, Group Project | 2 weeks | [Repository](#)
Technologies Used: React, CSS, TypeScript, React Router, Cypress, GitHub, **REST APIs**
Dilettante's Muse is a TypeScript-based web application that aims to introduce clueless art lovers to famous works of art from the Metropolitan Museum of Art (MET),
- Self-taught and integrated typescript into the web application, significantly enhancing code reliability and maintainability.
- Administered Cypress for end-to-end testing, ensuring bug-free deployments.

PROFESSIONAL EXPERIENCE

Safeco Insurance, Insurance Agent, Remote   10/2017 - 01/2023
- Counseled 50-60 customers and agents daily explaining detailed policy coverage, changes and billing in a clear, concise manner.

IES Alonso Quijano, Assistant English Teacher, Madrid, Spain
- Coordinated with 4 English teachers teaching lessons focused on oral comprehension and speaking skills to Spanish students in classes with 20 to 25 children between the ages 12-18 years old.

EDUCATION AND RELEVANT CERTIFICATIONS

Turing School of Software and Design, Denver, CO   2023
Accredited Frontend Software Engineering Certificate
University of Massachusetts, Amherst MA   2013
Bachelor's Degree in Human Nutrition and Animal Science
