SUMMARY

I am a strong-willed, goal-oriented, self-motivated problem solver with a passion for creating experiences for others.. I enjoy challenges and broad thinking scenarios. My background in Hospitality Management gives me strong teamwork skills and a drive for mutual success. I continue to push myself and learn every day to broaden my skills and knowledge in software engineering.

Turing School of Software & Design
2308 Back End Engineering Program

August 2023-Present

James Madison University
B.S. in Hospitality Administration/Management, Minor in General Business

August 2013-May 2019

PROJECTS

Puppy Playdate, ROR - [Github \(FE\)](#)

Four-person team

- Built a rails app to allow for users to locate nearby dogs that want to meet up and play
- Consumed back end API and google API sources to incorporate geolocation
- Incorporated bootstrap for better styling and mobile friendly use

Rails Engine, ROR - [Github](#)

Two-person team

- Exposed an API and tested the exposure
- Formatted JSON responses with serializers enhancing readability and usability for consumers
- Used SQL and ActiveRecord to gather data

Beat Box, ROR - [Github](#)

Solo

- This project created a linked list composed of individual nodes that I can move around, insert and remove from the list with methods I created to do so
- The data passed into these nodes are sounds that I wrote methods to tell my machine to play the sounds out loud(beatboxing)

EXPERIENCE

University of Denver, Denver, CO

2022- 2023

Administrative Assistant

- Managed scheduled guests and provide hospitality for the Chancellors suite
- Solved problems and provided first-rate service to all visitors and callers listening deeply, helping to problem solve, and connecting people to the right resources
- Managed details related to space reservations, meetings, correspondence for execution of events
- Created and maintained an electronic file system for office, including for student, parent, alumni and community correspondence to better the communication between student and faculty

SERVPRO of Rockingham & Augusta Counties, Harrisonburg, VA

2015-2021

Marketing Assistant, Job File Coordinator

- Visited office/building managers to market our services
- Built centers of influence so SERVPRO is their first thought when an emergency occurs
- Sent out reminders to insurance agencies about upcoming classes we hold to help them receive credits
- Wrote estimates, organized paperwork for all standing jobs and perform job file audits
