Former Pilot turned Software Engineer skilled in problem-solving and crafting exceptional experiences.

SKILLS

Languages: JavaScript, HTML, CSS, TypeScript

Libraries/Frameworks: React, Redux, Bootstrap, Material UI, Next.js, Node.js, Tailwind CSS

Test-Driven Development: Chai, Cypress, Mocha

Tools/Workflow: Adobe, Figma, GitHub, Postman, Vite, VS Code, Agile, Object-oriented Programming

PROJECTS

UNLEASH

Dog Park & Pet Finder · 80+ hours · Jan 2024 - Current

- Developed a user-friendly React application with React and Tailwind CSS for park discovery and pet adoption via Google Maps and Purina's Petfinder API.
- Implemented secure data access with API key and token authentication.
- Achieved seamless data handling through state management and local storage.
- Conducted extensive end-to-end testing using Cypress to ensure the application functions reliably across diverse scenarios.

ANALOG

Project Management Tool · 120+ hours · Dec 2023 - Jan 2024

- Developed a robust project management application with React, Redux and Tailwind CSS.
- Collaborated closely with the backend team to ensure seamless integration and functionality.
- Implemented a service-oriented architecture, enabling endpoint consumption from both backend and AWS S3 repositories.
- Contributed to UI/UX design to enhance the overall user experience.

WORK EXPERIENCE

GMJ HOME DESIGNS

Project Coordinator · June 2018 - Current

- Facilitated seamless collaboration with a cross-functional team of 20+ members, ensuring optimal coordination for project execution.
- Managed 50+ client relationships, tailoring solutions for satisfaction and optimizing project schedules and resource allocation for on-time milestones.

AIR CANADA

Ground Crew · Oct 2016 - Jan 2020

- Executed precise aircraft ground operations and skillfully utilized a range of ground support equipment to guarantee seamless processes.
- Achieved a consistently high on-time departure rate by optimizing aircraft turnaround times through coordination with the operations team.

EDUCATION

TURING SCHOOL OF SOFTWARE & DESIGN

Front-End Software Engineering · Jun 2023 - Jan 2024

- Completed a nationally accredited program with over 1,500 hours of web development experience.

BRITISH COLUMBIA INSTITUTE OF TECHNOLOGY

Airline & Flight Operations · May 2015 - Jan 2017

AOLC COLLEGE

Accounting & Business Technology· May 2014 - Mar 2015
